Z LOCK

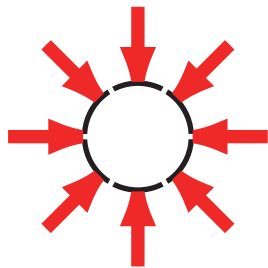

THE MOST
REVOLUTIONARY
LOCKING SYSTEM

LOCK

Introducing the world's fastest, easiest and most revolutionary locking system with maximum holding power.

The patent pending Z-Lock is the first ever tapered bore locking collar system. Just tighten the cap bolts properly and the specialized tapered bore collar provides extreme holding power on the shaft without causing any damage. This is a true 360 degree locking mechanism. Disassembly is easily accomplished with two threaded holes in the collar for standard withdrawal dismounting.
